

Mayor's Message for Burnie City News

By Mayor Alwyn Boyd

20 July 2010

I encourage you all to come along to a breakfast with Tom O'Toole on August 10. Tom is an inspirational Baker from Beechworth who has built his bakery into one of Australia's greatest retail success stories.

Tom will share how he took a bakery in a small country town in regional Victoria with a population of under 3,000 people from 2 employees with an annual turnover of 100,000 to 70 full and part time employees and has now expanded to 6 stores serving 1 million plus customers per year and with an annual turnover in excess of 12 million dollars.

Tom's Beechworth Bakery is credited with having the highest sales for a single bakery retailer in Australia and his story is just incredible to listen to.
