# Building Bridges

For mature age jobseekers

Are you:

45 years old or more?

Registered with Jobactive or DES?

Unemployed for at least 3 months?

Living in the Burnie area?

If you answered YES to all 4 of these questions, let us help.

Ask your service provider to register you with Burnie Works Building Bridges Program.

Building Bridges is a pilot program that has been developed to help jobseekers that are 45 years and older re-enter work.

We are providing referred jobseekers with Co-ordinated Service Support. Part of this co-ordinated service is to work with employers and hold regular “Meet the Boss” Networking Events that target existing industries within the Burnie region.

A comprehensive Community Awareness Campaign outlining the benefits of employing people 45 and over is being delivered throughout this program.

## Investing in mature age jobseekers

“It’s not only whisky that gets better with age”.

A pilot program of the Burnie City Council | [burnie.net](http://burnie.net)  
Supported by the Try, Test and Learn Fund - An Initiative of the  
Australian Government Department of Social Services.
